- **Place of Birth:** São José, Santa Catarina
- **Marital Status:** Single
- **Gender:** Male
- **Driver's License:** AB

Professional Objectives:

I am a passionate developer focused on creating innovative solutions for the web and mobile devices. My journey in development began with an interest in building intuitive and functional user interfaces, which led me to deeply explore languages such as HTML, CSS, and JavaScript. Over time, I have expanded my knowledge to include modern frameworks like React for web development and React Native for mobile applications.

My approach is user-centered, ensuring that each project meets client needs and provides an exceptional experience for the end user. I believe in the power of collaboration and am always eager to learn from my teammates and contribute creative ideas.

I am constantly seeking to stay updated on the latest trends and technologies. My goal is to continue growing as a developer and contribute to projects that positively impact people's lives.

Education:

- **High School:**
Colégio Estadual Professora Maria da Glória Veríssimo de Faria, Biguaçu – Santa Catarina
(Completed in 2012)
